### Superintendent's Highlights

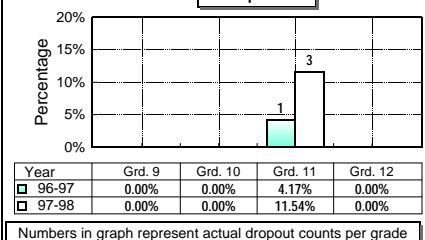

Dietrich School District is a small school district in South Central Idaho with the mission of offering all students a sense of belonging, success, and contribution. The 1997/98 school year was a great success because of the combination of the small school environment, supportive community and quality staff. We did experience the pains of a school in transition and the joys of watching our students grow into responsible adults. The Dietrich Board of Trustees is studying the possibility of implementing a building program. The academic program of instruction is showing steady improvement. We have established the platform for our advanced networked computer system. It should be noted that teachers are improving their skills to integrate computer technology into their regular classroom instruction.

### Progress Towards Meeting District Goals

#### 1997-98 Goals

#### Progress

Dietrich School District will improve school facilities.

Dietrich School District placed a major focus on improving current facilities and developing plans for a new gym and four classrooms. Plans are moving ahead to create the design and construct new facilities. The Dietrich Board of Trustees is working to develop the community support needed to pass a bond to build a new building.

Dietrich School district will improve the salaries for certified staff.

Dietrich School District raised salaries for certified staff. The top of the salary schedule was increased by \$5617. The bottom of the salary schedule was increased \$467.

Dietrich School District will offer classified and certified staff member's quality and relevant staff development opportunities.

Dietrich School District offers each professional staff member \$200 to be spent on staff development activities of their choice. Teachers, using these funds, took a wide variety of course work. They range from drug education and violence prevention, to reading improvement and science methods in the classroom. Classified staff and community members had the opportunity to attend a workshop titled "Tutoring in Reading".

Dietrich School District will integrate our computer system into regular classroom instruction.

Our progress in the integration of computer technology into regular classroom instruction has been slow but steady. We have networked computers in every classroom with E-mail and Internet capability.

Dietrich School District will improve student academic success.

The average ITBS test scores for all students improved from 44.62% in 1996 to 47.80% in 1997.

Dietrich School District will increase expectation for student success and achievement.

Dietrich School District made an effort to promote higher expectations for student's success. We will continue to encourage staff and parents to raise the standards for the quality of work accepted from students.
